

# Evolution Kit

NOTHING IS BETTER THAN GIVING NEW LIFE TO YOUR LIFT!

Nothing is better than giving new life to your lift!

## Evolution Kit

Evolution Kit is the perfect upgrade kit to bring new life to your lift!

The Evolution Kit has been designed to combine the robustness and durability of Sematic doors with the most advanced Wittur SUPRA technology.

With this new kit you can upgrade Sematic doors to the latest Wittur SUPRA motor and MIDI V2 drive.

### Evolution Kit includes:

- Supra Motor
- Midi/Supra V2 Controller
- Fixing components
- Belt

### ADVANTAGES:

Thanks to Wittur brushless technology, the Evolution Kit assures superior performance and optimised motor operations. It also includes the latest energy saving features and guarantees long time spares availability.

The Evolution Kit is the unique kit designed to perfectly fit your Sematic doors.

AVAILABLE ON NEW WITTURSHOP!

## PERFORMANCE

Wittur SUPRA assures superior performance and a consistent noise reduction thanks to the brushless technology (vs old brushed motor).

## DIGITAL PRODUCT

Evolution Kit is equipped with Midi/Supra V2 control board and ready for ElevatorSense®

## EXPERT TEAMS

Engineered by specialized Wittur R&D to combine the robustness and durability of Sematic 2000 Series with the most advanced Wittur Supra Technology.

## PERFECT FIT

The Evolution Kit is the unique upgrade/mod kit designed to perfectly fit Sematic 2000B, C, BG, MF doors.

## EASY INSTALLATION

Simple step-by-step installation process: detailed instruction video to easily guide throughout the process.

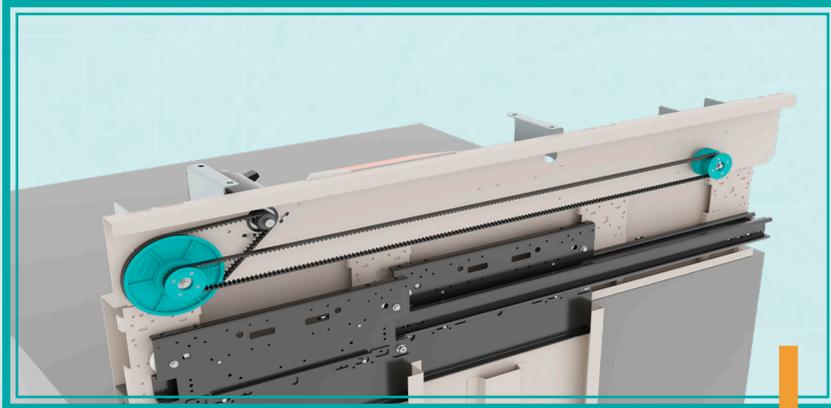

## DURABILITY

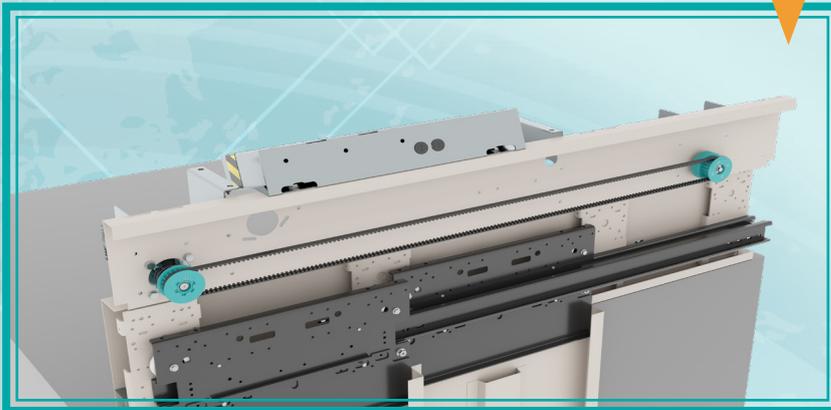

Long time spares availability and access to future product updates.
