

Corporate Quality Management

Scheibbs Site

We are an expanding, internationally active company in the field of elevators and part of the Wittur Group. As a world market leader we develop and produce high-tech products for the elevator industry.

In order to handle our increasing demand we will as of February 2013 be expanding our corporate team and are now seeking a committed and motivated

Electronic Supplier Quality Expert (m/f)

Your tasks will include:

- Coordinating all operations between the suppliers and the internal corporate divisions in regard to quality assurance, complaint management and process and flow control.
- Continuous improvement of process and product quality for electronic and electro-mechanical assemblies in collaboration with suppliers and clients.
- Conducting system, process and product audits with suppliers.
- Statistical assessments as the basis for Continuous Improvement Process.
- Reporting on status of inspection, supplier and improvement activities.

Prerequisites for the vacancy offered are:

- Higher technical education institute or university degree with specialisation in electronic or communications engineering
- At least five years of professional experience preferred
- IPC standards for soldering
- SMT/THT production
- ESD prevention in design and production
- Very good MS-Office skills (in particular Excel skills)
- Very good written and spoken English skills

Other skills:

- Experience in quality management systems
- Ability to work in cross-functional teams

We offer an annual collective-agreement based salary starting at euro 35,000. Higher pay is possible, depending on qualifications and professional experience.

If you are seeking the chance to work in a team-oriented environment with career opportunities in an internationally active manufacturing company, please send your application:
