

EXCELLENCE IN SOLUTIONS

Lift up your life!

We are an expanding, internationally active company in the field of elevators and part of the Wittur Group. As a world market leader we develop and produce high-tech products for the elevator industry.

In order to handle our increasing demand we will as of February 2013 be expanding our corporate team and are now seeking a committed and motivated

ERP Project Manager (m/f)

Your tasks:

- Project management of large and/or complex ERP projects and for all project phases from initiation, planning, analysis, design, implementation, test and rollout/stabilization
- Management of assigned internal project team members (from business and IT) as well as external implementation partners or IT service provider
- Bridge between business requirements and IT-implementation
- Analysis and Optimization of business processes
- Development of concepts, functional and requirement specifications, and test and training materials for ERP implementation and extension projects
- Creation of conditions that enable efficient communication within the project team and with stakeholders
- Planning of resources, project control
- Marketing of the project results
- Risk and escalation management

Your qualification:

- Several years of experience as a project manager of complex international ERP projects (preferably Infor LN)
- Experience in working with dislocated teams in a global, multicultural environment
- Excellent communication and team skills
- Being a natural organizer and planner with great attention to details
- Being able to manage and coordinate people from different teams
- Acting independently and self-motivated
- Excellent organizational, decision making, and problem solving skills
- Showing Integrity and keeping high quality standard levels
- Being result oriented with a "can-do" attitude
- Education: business education with strong IT expertise or vice versa, university degree advantageous
- Excellent English and German language skills (oral & written)
- Other languages valued
- Willingness to travel

Your benefit:

- A varied and challenging job in a fast-growing international company with excellent development potential.
- A trendsetting workplace with technologically challenging and innovative solutions
- An exciting challenge and alternative with great leeway
- Professional education and further development in a dynamic environment

We offer an annual collective-agreement based salary starting at EUR 50.000,- annual gross salary incl. overtime. is possible, depending on qualifications and professional experience.

Higher pay
