

HIDDEN SILL

LANDING DOOR ACCESSORIES

HIDDEN SILL

LANDING DOOR ACCESSORIES

- New technical solution available for HYDRA and PEGASUS range of doors
- Visually attractive, providing extra functionality in many installation situations
- Attractive design of the lift system due to optical continuity between landing and cabin floor
- Easier cleaning and maintenance
- Perfect solution for lift installations in a dusty environment or installations with one or more outside landings
- Ideal solution for bed-lifts in hospitals: reduced bumping when patients are carried on wheels
- Available also in heavy loads execution
- Central opening and side opening versions available (clear opening up to 1100 mm)
