About the Wittur Group

Founded in 1968, Wittur is one of the world's leading independent elevator components manufacturers with an extensive global manufacturing footprint and sales network and a broad range of products. Its product offering features a large range of components for new elevator manufacturing and sourcing, for spare parts and for modernization and upgrades. Components made by Wittur span from sophisticated mechatronic components for elevator cabin and landing doors (including the associated opening mechanisms) to other critical components such as gearless drives, slings, safety gears and cars.

In 2016, Wittur further expanded its global reach and its portfolio with the acquisition of the Sematic Group. Sematic S.p.A. and its subsidiaries, an Italian group founded in 1959, added a complementary product offering including complete elevator solutions, highly customised doors, electronic components and cabins. Installation of elevators and maintenance services are not part of the business. The Wittur Group has a work force of around 4,400 employees and conducts business in more than 50 countries. It is majority owned by funds managed by Bain Capital.
