

ADAPTA CAR

HIGH FLEXIBILITY AND PRECISION MOUNTING
CABIN WALLS

ADAPTA

High flexibility and precision mounting cabin walls

Adapta offers high flexibility, precision mounting of the self-bearing walls and an excellent range of standard finishes

It's a cabin suitable for a wide range of applications, from residential and office buildings, to airports, train and underground stations, shopping centers, hotels and hospitals, as it can be used both for goods and passenger transport

Adapta's range of finishes includes skinplate, stainless and painted steel walls, PVC, metal and composite stone floors and a complete set of ceilings, skirtings, handrails, bumper rails, mirrors and ceilings in all of today's available materials, making this product line perfect for the integration also into the most ambitious architectural projects
