

CARGO CAR

HEAVY DUTY, HEAVY LOAD CABIN

safety **in** motion™

CARGO

Heavy duty, heavy load cabin

Cargo is the cabin specifically studied for goods transportation and for all those situations where robust construction and resistant materials are a must. All of its components are designed with special care to quality and durability in order to guarantee high performances in time

Ideal for heavy-load lifts in factories and warehouses as well as for car and service lifts in airports, undergrounds, railway stations, shopping centers, multi-floor parking and hospitals, Cargo offers an ultra-strong structure to withstand also extreme use conditions, always without compromising aesthetics

A wide range of finishes and materials are available for the most demanding projects, including a complete set of bumper rails in wood, PVC, aluminum and stainless steel able to guarantee superior resistance to hits

CARGO

Application: Transport
Wall: Stainless Steel
Floor: Metal
Ceiling type: Suspended
Handrails: Wood
Bumpers: Stainless steel
Skirtings: Stainless steel

CARGO

Application: Industrial
Wall: Painted Steel
Floor: Metal
Lighting: Embedded
Bumpers: Wood
